**KILICO**  
KOICHI KIBA

Akira Yusa lost his brother and quit his job. He only wants to kill Kihoo Sakaki with his own hands. Leaving Japan behind, he chases her to Taiwan, where she's working with the local Tian Lian Gang triad. Akira has revenge burning in his veins, while Kilico is starting to come into her own as a woman. Red blood will flow once more when they meet again in Taiwan.

Akira Yosa lost his brother and quit being a cop.  
His desire is to kill the assassin, Kilico (Sakaki), with his bare hands.

Yosa abandoned his homeland, Japan,  
and ventured into Taiwan, to hunt out Kilico,  
who is hiding out in the TAIWANAN, a local mafia.  
Yosa wants revenge as bad he can taste it.  
Kilico is starting to come into her own as a woman.

More bloodshed will take place  
when they see each other again in Taiwan.

Tokyo. March.

### Hokkaido Capital Relegation Corruption Case

11 major political and economic figures arrested after  
the CEO of the corporation turned himself in.

### Bay Area Massacre

Police clashes with a violent gang resulted in larger  
scale operations, culminating in the prosecution of  
3 of the gang leaders.

### Shinichi Yusa's Murder

Neglected due to lack of suspects and diversion of  
manpower to the 2 cases listed above. Manpower and  
resources cut to the point that the case has been  
effectively abandoned.

And now, April.
